Catena Media Shortlisted for 'Service Provider of the Year' at the American Gambling Awards

Catena Media continues to receive recognition for its work in North America with an award shortlisting for 'Service Provider of the Year' at the American Gambling Awards this year. This shortlisting comes just a few weeks on from Catena Media winning **'Affiliate of the Year'** at the EGR North America Awards.

The American Gambling Awards were launched in March 2019 as the first awards program to recognise excellence among operators, suppliers, advocates, policymakers, lawyers and regulators supporting the regulated online gambling market in the United States.

Finalists were chosen in 14 award categories, with 10 commercial and 4 public service categories in total.

Catena will compete alongside 8 other industry nominees, who will be evaluated by a panel of more than 25 expert judges. Gambling.com will announce the winners on June 18th, 2019 at the All-American Sports Betting Summit.

General Manager Michael Daly had this to say about the nomination:

“To be nominated in the first year of the American Gambling Awards, amongst a field of such respectable organisations as Evolution Gaming, Geocomply and Sportradar, speaks volumes about Catena Media’s work in North America. We are very proud of our team who made this nomination possible and appreciate the recognition from our peers as being a critical Service in the developing US landscape of online gambling.”
