

AskGamblers to Divert €50,000 Through Catena Operations Ltd. to Help Fight COVID-19

Out of the original sum of €66,900 raised during the AskGamblers Charity Night back in January 2020, €50,000 will be diverted to help fight COVID-19.

During the AskGamblers's Charity Night that took place in Belgrade in January 2020, €66,900 was raised thanks to the partners who participated in the auction.

Due to the current situation in the world, AskGamblers will be diverting €50,000 out of the original sum through Catena Operations Ltd. to UNICEF and, by doing so, help fight COVID-19.

Although no amount of money is enough when health is concerned, we hope this donation will make some difference when it comes to fighting the coronavirus pandemic.

We would once again like to thank the partners who helped raise the money at the Charity Night: Max Affiliates, Campeonbet Casino, SlotWolf Casino, Mr.Play Casino, Ivy Affiliates, EnergyCasino, Platincasino, Gunsbet Casino and BitStarz Casino. This wouldn't be possible without them.

“We're all aware of the fact that the battle between humanity and the coronavirus pandemic is going to be a long journey, but we truly believe it is our responsibility to help protect the most vulnerable ones who are fighting this dangerous disease,” said Nikola Teofilovic, AskGamblers Vice President. “We have decided to divert €50,000 to support our local hospitals with the necessary resources to save lives in the fight against COVID-19.”
